The return of the Jewish people to their ancient homeland after 2,000 years of exile is an unprecedented event in human history. Yet, more than 60 years after Israel's modern rebirth there is a global propagandist campaign seeking to rewrite history and delegitimize Israel. This seminar provides the facts that will prepare you to answer the difficult questions about this unique nation's enduring significance in our day.

"He will set up a banner for the nations, and will gather together the outcasts of Israel... from the four corners of the earth." - ISAIAH 11:12
